journeys to run a pediatric operating room (utilities + staff) for 1 month  
OR  
give to a young doctor to go to a seminar  
OR  
buy textbooks

## NEUROSURGERY OUTREACH FOUNDATION

NOF was founded in Jacksonville, Florida in 2009 and incorporated in 2010 as a 501(c) (3) non-profit organization. It is completely run by volunteers who ensure that its programs continue to serve those who are in need of accessing adequate surgical care. This is achieved through:

- ▶ Educational Surgical Mission (ESM) is comprehensive, collaborative, education-based, sustainable, outreach where volunteer neurosurgeons teach, train, and treat along side host neurosurgeons updated techniques applicable to the host's environment to benefit their adult and pediatric patients.
- ▶ Dr. Benigno S. Aldana, Jr. Educational Awards are presented to deserving neurosurgical residents to help enhance the successful completion of their training.
- ▶ Equipment and Patient Care Support are gifts of re-purposed or newly acquired equipment, instruments and supplies; and funds to benefit indigent patients to have access to neurosurgical treatment.

*"Give a man a fish, and you feed him for a day. Teach a man to fish, and you feed him for a lifetime." - Maimonides*
