PROJECT NAME _____

I understand that the Design Agreement fee of \$500 which I have paid is for the following:

- The initial site visit by the designer to take measurements of the space
- The appointment in the showroom to discuss the options available for your project
- The appointment to discuss the 3D rendering of the design and the Contract Quote for the project, and make suggestions/revisions
- If our installation service is selected, our carpenter and designer will come back to the site to confirm measurements and make sure the design is accurate. **If you choose your own installation team, it is your/their responsibility to confirm the drawings, measurements & proposed design before we will pull or order cabinets.**
- The “closing meeting” with the designer where contracts are reviews, approved and signed.

I understand and agree that:

- The Design Agreement fee will be deducted from the final cost from the final cost of the Completed Project (Cabinets, Countertop & Installation)
- The Design Agreement fee is NOT deductible if all 3 services (Cabinets, Countertop & Installation) are not provided by the Bermuda Kitchen & Bath Team.
- The Design Agreement fee is NOT deductible on orders less than \$5,000.
- The Design Agreement fee is nonrefundable and it is solely applicable to this specific project.
- The contract is only valid for 30days. The design agreement is valid for 6 months.
