

***ATTENTION***

***2023 SENIORS AND PARENTS***

The Alabama Municipal Electric Authority (AMEA) on behalf of the Sylacauga Utilities Board will award four (4) \$2,500 scholarships to qualifying students to attend either a four-year college, community college, or vocational school in the state of Alabama.

**Information Regarding Scholarships**

To be eligible, applicants must be a child (natural, adopted, or foster) of a family who receives electrical service from the Sylacauga Utilities Board. This can be a residential service or electric service at a business owned wholly or, if a small corporation – at least 51% of stock, by the applicant's family.

**Scholarship Application**

**Applications and supporting information must arrive at AMEA headquarters by Monday, February 13, 2023. For more information visit the AMEA web site at [www.amea.com](http://www.amea.com) and choose "Scholarship Program", contact your local school counselor, or call the Sylacauga Utilities Board at 256-249-0372.**
