DBS and MMDS devices may not exceed one (1) meter in size. **B. Location**

1. Antennas must be installed solely in the owner's unit or on individually-owned property or exclusive-use area, as defined in the Master Deed of Maryland Farms CSA, Inc. Installation of antennas on a limited common element does not convert the limited common element to individual property.
2. Antennas must not encroach upon any common element, common element air space, any other owner's individual unit or limited common element, or the air space of another owner's limited common element.
3. Antennas shall be located in a place shielded from view from outside the condominium for from other units to the maximum extent possible; provided, however, that nothing in this rule would require installation in an exclusive use area where an acceptable quality signal cannot be received. This section does not permit installation on common property, even if an acceptable quality signal cannot be received from an individually-owned or exclusive-use area.

**C. Installation on Exclusive Use Areas**

1. Antennas shall not be installed higher than is absolutely necessary for reception of an acceptable quality signal and broadcast antennas shall not be larger than necessary to receive an acceptable quality signal.
2. All installations shall be completed so they do not damage the common elements, limited common elements, or individual units, or void any warranties of the condominium association or other owners, or in any way impair the integrity of the building.
3. Antennas must be secured so they do not jeopardize the soundness or safety of any structure or the safety of any person at or near the antennas, including damage from wind velocity.

4. There shall be no penetrations of exterior, exclusive-use areas of the building unless it is necessary to receive an acceptable quality signal or it would unreasonably increase the cost of antenna installation. The following devices shall be used unless they would prevent an acceptable quality signal or unreasonably increase the cost of antenna installation, maintenance or use;
  - a. Devices that permit the transmission of telecommunications signals through a glass pane without cutting or drilling a hole through the glass pane;
  - b. Devices, such as ribbon cable, which permit the transmission of telecommunications signals into a residence through a window or door without penetrating the wall; or
  - c. Existing wiring for transmitting telecommunications signals and cable services signals.
5. If penetration of the exterior exclusive use areas is necessary, the penetration shall be properly waterproofed and sealed in accordance with applicable industry standards and building codes. The purpose of this rule is to prevent structural damage to the building and residences from moisture.

**D. Maintenance**

1. Owners who install or maintain antennas are responsible for all associated costs, including but not limited to costs to:
  - a. Place (or replace), repair, maintain, and move or remove antennas;
  - b. Repair damage to any property caused by antenna installation, maintenance or use;

  - d. Reimburse residents or the Council for damage caused by antenna installation, maintenance, or use;
  - e. Restore antenna installation sites to their original condition.
2. Owners shall not permit their antennas to fall into disrepair or to become a safety hazard. Owners shall be responsible for antenna maintenance, repair and replacement, and the correction of any safety hazard.
3. If antennas become detached, owners shall remove or repair such detachment within seventy-two (72) hours of detachment. If the detachment threatens safety, the antenna(s) must be removed or reattached immediately and the Council may remove the antenna(s) at the expense of the owner.

4. Owners shall be responsible for antenna repainting or replacement if the exterior surface of the antenna deteriorates.

#### E. Safety

1. Antennas shall be installed and secured in a manner that complies with all applicable county and state laws and regulations, and manufacturer's instructions. Owners, prior to installation, shall provide the Association with a copy of any applicable governmental permit if required for safety reasons.
2. Antennas shall not obstruct access to or exit from any unit, walkway, ingress or egress from an area, electrical service equipment, or any other area necessary for the safe operation of the Condominium. The purpose of this requirement is to ensure the safety of Condominium residents and personnel, and safe and easy access to the Association's physical plant.
3. To prevent electrical and fire damage, antennas shall be permanently grounded.
4. Any installer other than the owner shall provide the Association with an insurance certificate listing the Association as a named insured prior to installation. Insurance shall meet the following limits:
  - (1) Contractor's General Liability of \$1,000,000 (including completed operations).
  - (2) Workers' Compensation: Statutory Limits.

The purpose of this regulation is to ensure that antennas are installed in a manner that complies with building and safety codes and manufacturer's instructions. Improper installation could cause damage to structures, posing a potential hazard to Association residents and personnel.

#### IV. Antenna Removal

Antenna removal requires restoration of the installation location to its original condition. Owners shall be responsible for all costs relating to restoration of this location.

#### V. Registration Process

Any owner who wishes to install an antenna must complete a registration form and submit it to the Board of Directors within thirty (30) days of the date of installation. The installation of a permitted antenna as set forth in Section II(A) and III(A) of these restrictions and regulations may be installed without prior approval, so long as such installation remains in compliance with these restrictions and regulations, unless specifically waived by the Board of Directors.

**VI. Installation by Tenants**

**These rules shall apply in all respects to tenants. In accordance with the FCC rules, tenants desiring to install antennas do not need to obtain prior written permission of the unit owner.**

**VII. Enforcement**

- A. These rules will be enforced in accordance with the Condominium Declaration, Bylaws and Maryland law. In any proceeding arising out of an alleged rules violation by a Unit Owner or Tenant, the prevailing party shall be entitled to recover the costs of such proceeding and reasonable attorney's fees, as may be awarded by the Court.**
- B. If antenna installation poses a serious, immediate safety hazard, the Council may seek injunctive relief to seek removal of the installation and shall be entitled to recover the costs of such proceedings and reasonable attorney's fees, as may be awarded by the Court.**

LEASE ADDENDUM

THIS LEASE ADDENDUM to a certain lease dated \_\_\_\_\_ ("Lease") with an address of \_\_\_\_\_, Maryland (the "Unit") in the Maryland Farms Condominium, \_\_\_\_\_ County, Maryland, is made this \_\_\_\_\_ day of \_\_\_\_\_, 200\_\_, by and between \_\_\_\_\_, owner(s) of the Unit (hereinafter called "Landlord"), and \_\_\_\_\_ (hereinafter called "Tenant(s)"), who comprise all of the occupants leasing the above-referenced Unit in the Council of Unit Owners of Condominium (hereinafter "Association").

WITNESSETH THAT:

In consideration of the mutual covenants, promises and agreements contained in the Lease and herein, Landlord and Tenant hereby agree as follows:

1. Compliance with Association Documents.

- A. Tenant shall comply strictly with the Declaration of Covenants, Conditions and Restrictions, Amended and Restated Bylaws, and any and all rules and regulations as the Board of Directors of the Association may from time to time promulgate for Maryland Farms Condominium (hereinafter collectively referred to as the "Association Documents") and as any of the foregoing may be lawfully amended from time to time. Tenant shall control the conduct of his or her family and guests to assure compliance with the foregoing and shall indemnify and hold Landlord and the Association harmless from any direct or indirect damages for any such person's failure to comply. Failure to comply with the provisions of the Association Documents shall constitute a material breach or default of the Lease and shall entitle the Landlord to all remedies available to the Landlord in the event of a material breach or default including eviction of Tenant. If Tenant, or Tenant's family or guests, after receiving written notice from the Association, continues to fail to comply with the Association Documents, the Association at the Landlord's expense if the Landlord fails to do so, upon an additional ten (10) days notice to the Tenant, may initiate eviction proceedings and the Association shall be entitled to all other remedies available under the Association Documents and by law. Such remedies available to the Association shall include, but not be limited to, an action against the Landlord or Tenant for damages or injunctive relief or the imposition of any other sanction authorized by the Declaration or Bylaws or available at law or in equity. Remedies shall be deemed cumulative.

B. The Lease grants Tenant a leasehold estate interest in the Unit together with a license granting Tenant, for such lease term, Landlord's rights to use the common elements and facilities of the Association; provided, that Tenant and Tenant's family, guests, licensees, employees and agents exercise such license in accordance with the provisions of the Association Documents; and provided that Landlord retains all membership rights in the Association including, without limitation, the right to vote. Tenant shall indemnify and hold harmless Landlord from and against any damages, direct or indirect, incurred by Landlord as a result of the non-compliance by any of the aforesaid persons with the provisions of any of the Association Documents or any other covenant of the Lease.

2. Use of Unit. Tenant agrees not to use or occupy the Unit or the Association's common elements in any manner annoying or offensive to other residents of the Association, and ~~to make no alterations or additions to the Unit, its fixtures or the common elements~~ without the prior written consent of the Landlord, and the Association, if so required by the Association Documents. Tenant agrees to use the Unit only in those manners outlined in the Association's Documents. No person other than Tenant and the members of the household shall be permitted to occupy the Unit without the prior written consent of Landlord; provided, however, that occasional visits by guests, not to exceed four weeks during any consecutive twelve-month period without the prior written consent of Landlord, are permitted. The following individuals shall reside in the Unit: \_\_\_\_\_ . Tenant will not use or allow the Unit to be used for any disorderly or unlawful purposes and will comply with all applicable laws and ordinances.
3. Payment of Assessments. Upon written request by the Association to the Tenant and after written notice by the Association to the Landlord, Tenant shall pay to Association all unpaid annual assessments, special assessments and charges, interest, costs and attorney's fees, as lawfully determined and made payable by Landlord to the Association during the term of the Lease and any other period of occupancy of the Tenant; provided, however, Tenant need not make such payments to the Association in excess of, or prior to the due dates for, monthly rental payments at the time of the Association's request. All such payments made by Tenant shall reduce by the same amount Tenant's obligation to make monthly rental payments to Landlord.
4. Assignment or Subletting. Tenant shall not assign the Lease or sublet the Unit, except in writing and with the written consent of the Landlord and the Board of Directors. Any attempted assignment or sublet shall be void and shall be considered a material breach or default of the Lease. A copy of any assignment or sublet shall be forwarded within seven (7) days to the Board of Directors.
5. Insurance. Tenant will do nothing and permit nothing to be done on the Unit which will contravene any fire or other insurance policy covering the same. If Tenant's use or occupancy of the Unit increases the premium on any fire or other insurance policy, Tenant shall pay such increase. Tenant shall obtain and maintain during the Lease term

(including any extension, renewal or holdover term), liability insurance against all claims on account of personal injury and property damage, including without limitation, all personal property, for which Tenant may as a result of use or occupancy of the Unit and/or the facilities and common elements of the Association become liable or suffer loss in an amount acceptable to Landlord. Tenant shall provide Landlord with a certificate of insurance evidencing compliance with this section.

6. Required Alterations. If at any time during the Lease term or any extension, renewal or holdover term, a particular use which the Tenant makes of the Unit requires repairs, alterations or additions to the Unit in order to comply with requirements of any governmental authority or otherwise, the prior written permission of the landlord and the Association are required.
7. General Rules. Tenant hereby acknowledges receipt of a copy of the Declaration, Bylaws and Rules and Regulations of the Association, and any amendments thereto, and hereby agrees to abide by them and all provisions of the Association Documents.
8. Construction. The Lease and this Lease Addendum shall be governed by and construed in accordance with Maryland Law.
9. Term of Lease. No Lot shall be leased for a term of less than one ( 1 ) year. Extensions of a lease must be for a term of not less than one ( 1 ) year.
10. Binding Effect. The parties hereto expressly agree and affirm that they have each read, understand and agree to be bound by the terms of this Lease Addendum. Further, the parties expressly agree that the terms of this Lease Addendum shall be incorporated entirely within the Lease Agreement. The singular shall include the plural and the male gender shall include the female, wherever the context shall so required. In the event that two or more persons are listed as Tenants or reside on the demised premises, the liability of such persons shall be joint and several.
11. Severability and Conflicts. The invalidity of any part of this Lease Addendum shall not impair or affect in any manner the validity or enforceability of other provisions of this Lease Addendum. In the event of a conflict between the terms of this Lease Addendum and the Lease Agreement, the terms of this Addendum shall control.
12. Copies of Lease. Landlord and Tenant hereby agree that Landlord shall provide a conformed copy of any Lease Agreement, Lease Addendum and Tenants Certificate of Insurance to the Association by delivering both to the Association's managing agent, and the On-Site Management Office or the Board of Directors within thirty (30) days of its execution.

- E. All hearings will be held in private. This should not deter members of the Board of Directors from observing the Hearing Board proceedings when necessary. Accommodations will be made for those awaiting each hearing.
- F. All persons involved in a complaint brought before the Hearing Board will be given the opportunity to speak and present evidence.
- G. When a complainant does not appear or submit an affidavit for the hearing, the complaint will be dismissed without discussion with the alleged violator.
- H. When an alleged violator does not appear at the hearing, the Hearing Board will hear the complainant and an automatic "responsible" decision will be imposed.
- I. One hearing postponement will be allowed both the complainant and the alleged violator, provided the individual notifies the Office before the hearing.
- J. Questions or clarifications regarding rules or By-Laws which Hearing Board members may have during the process of the hearing, will be deferred until the Executive Session.
- K. An Executive Session of the Hearing Board will be held after all complaints have been heard. At the Executive Session the hearings will be discussed and decisions regarding the responsibilities and assessments, etc. will be made.
- L. A decision regarding "responsibility" or "innocence" will be made, based on the facts presented during the hearing and a majority vote of the Hearing Board.
- M. When it becomes apparent that a complaint is the result of a personality conflict and a reasonable solution cannot be reached, the complainant and the alleged violator will be advised in the form of a letter that the problem will have to be handled outside the Association's hearing process. Two possible alternatives the Hearing Board can recommend are:
  - 1. Either the P.G. County or Montgomery County Mediation Boards, or,
  - 2. Small claims court.

ELECTION PROCEDURES

I. ELECTION COMMITTEE

A. Establishment

The President of the CSA Board will establish and appoint members to an Election Committee, at least eight (8) weeks prior to the third week in May, when elections are called for in the By-Laws. The President will publicly solicit volunteers from among the qualified Maryland Farms unit owners.

B. MEMBERSHIP

The Committee should consist of a minimum of five (5) individuals, if possible, and all members must be unit owners in good standing of Maryland Farms.

C. CHAIR

The President of the CSA Board of Directors will select and appoint the Chairperson and Vice-Chairperson for the Election Committee at the beginning of the election process.

D. DUTIES

The Election Committee members should promote interest in the election in a nonpartisan fashion but may not solicit votes for any candidate. The on-site Property Manager or Management Agent shall have custody of ballots and proxies and be responsible for their safekeeping. The Election Committee is responsible for the integrity of the election and protecting ballot secrecy. It has the duty of actually counting the votes and certifying the election results. On the night of the election, the committee will report the results of the election to the President of the CSA Board, who will announce them and hear any challenges at that time. If a recount is called for, then the Election Committee will perform the recount and report the results to the President. The results of the recount will be final.

IV. THE MEETING

- A. Notice of the meeting will be mailed to unit owners as set forth in the By-Laws.
- B. As the members arrive for the meeting, the Secretary of the CSA, Board of Directors with the assistance of the Election Committee, will check the name of the unit owner against the current roster. If the unit is eligible to vote, the member will be handed a ballot for his/her Phase with his/her percentage noted.
- C. The meeting is then called to order and the order of business set forth in the By-Laws should be followed as closely as possible. If the Board believes it is more practical to have the election at the beginning of the meeting, the President should have members vote on a waiver of the order of business set forth in the By-Laws.
- D. Candidates who are not listed on the printed ballot may be nominated from the floor at this time of the meeting as long as they are in good standing.
- E. The candidates are introduced and then the members vote and place their ballots in the ballot box.
- F. The Election Committee will count the ballots as follows: If the roster shows that a ballot for a unit was cast at the meeting and that a proxy ballot was previously filed, the proxy ballot will be discarded, and the ballot cast at the meeting will be counted.

Maryland  
Farms' CONDOMINIUM  
A PRIVATE COMMUNITY

11386 CHERRY HILL RD. BELTSVILLE, MD 20705

TO: ALL MARYLAND FARMS RESIDENTS  
FROM: HELEN SHEPET, PROPERTY MANAGER *10.*  
DATE: OCTOBER 6, 1986  
RE: IN-UNIT CLOTHES WASHING MACHINES

A few weeks ago, several units were flooded with suds and water from a third floor washing machine. In order to clarify the use of washing machines within a unit, the matter was brought for discussion before the Association's Board of Directors at their last Board meeting.

Under the Bylaws (Article VIII, Section 4 - Duty to Maintain), the owner is responsible to maintain, at his own expense, such appliances as a clothes washer. Under this section, it was determined that duty to maintain includes care in its proper use. Residents are reminded that the plumbing system was not installed with clothes washers in mind and are not adequate to carry the flow of suds and water.

\* It was decided that the owner of the washing machine would be held liable for service calls, drain snaking, flooding, and damages to lower units if it was determined that the problem originated from a residents' washing machine. In an effort to eliminate any costs on your part, you are urged to:

1. Use low sudsing detergent in an effort to reduce the amount of suds flowing through the plumbing pipes.
2. Run washing machines only when someone is home. This will enable you to catch and stop problems such as broken hoses and leaks from the machine itself.
3. Periodically check or have the machine serviced as a preventative maintenance measure to ensure its proper operation.

By following the above suggestions, you may save yourself from any additional expenses.

7. No major repair of any vehicle, such as engine replacement or overhaul, brake relining, replacement or overhaul of transmission or rear end, etc.; or the repainting of any vehicle; or the changing of oil of any vehicle shall be permitted upon any common element. Minor repairs or adjustments, such as the rotation of tires, adjusting the timing or idle, replacement or cleaning of spark plugs, etc., is permissible. Any trash or spillage of oil or grease in connection with such repairs must promptly be removed by the owner of the vehicle. Vehicle owners shall be responsible for damage from any excessive leaking of fluids.

8. Nothing except operable vehicles shall be placed upon any of the parking areas. This includes such objects as storage bins, boat cradles, construction equipment such as ladders, scaffolding, cement mixers, tar trailers, etc.

9. No motorbikes, go-carts, or other unlicensed motor vehicles (except "mopeds" approved for use on Maryland State roadways) shall be ridden within the complex. No person shall operate a motorized vehicle within the complex without a proper operating license. Any damages to common elements within the complex by use of any vehicle including hired or leased vehicles shall be punishable by the amount of repair, replacement, or legal action as shall be determined by the Board of Directors.

10. All non-resident owners are responsible to insure that their tenants comply with these rules and all residents are responsible for informing their guests of these rules and the proper places for guests to park.

11. The number of each space is permanent and will not be changed. However, residents may exchange spaces by written notification to the CSA Office acknowledged by the Condominium Manager. Provided, however, in cases of undue hardship, the Board of Directors of CSA, Inc. and the Board of Directors of the Phase Corporation in which the parking space is located shall have the right to reassign designated parking spaces; e.g.: reassigning of parking spaces is desirable to accommodate a new unit owner which is handicapped.

12. To retain assignment of a reserved parking space, all assessment fees and other charges shall be kept current on a thirty (30) day basis. Any unit owner more than thirty (30) days delinquent in the payment of any charges shall be subject to the loss of the reserved space and the number of such space may be blacked out. To re-instate the reserved space privilege the owner must pay all charges due plus a \$20.00 fee to cover the administrative costs of renumbering. Monthly assessment payments are due on the first day of each month and will be considered more than thirty (30) days delinquent after the last day of the month. Other charges shall be thirty (30) days delinquent if not paid by the last day of the month following the month in which such charges are billed.

That, this Resolution and the attached Rules may from time to time be amended;  
and,

This Resolution shall not be construed as the granting of an easement to or for  
any real property owned by CSA., Inc., Phase I, Phase II or Phase M."

IN WITNESS WHEREOF to the adoption of this Resolution by the Board of  
Directors, this 29th day of Nov. 1989
