Features
- Economically Priced
- RoHS compliant
- Industrial / Sealed
- Arrow and graduations for repeatable settings
- IC style pins for easier board insertion

Trimmer, 3/8” Square
Trimmer – Single Turn Cermet, Side Adjust
T14

Specifications
Electrical
- Effective Travel: 300° nom
- Resistance Range: 10Ω to 2MΩ
- Resistance Tolerance: ±10%
- Absolute Minimum Resistance: ≤ 1Ω or 2Ω
- Temperature Coefficient: ±200 ppm/°C.
- Power Rating: 0.5 Watt @ 70°C derated to 0 Watts @ 125°C
- Withstanding Voltage: 220 VDC
- Insulation Resistance: ≥ 1GΩ @ 100VAC
- Contact Resistance Variation: ≤ 3% or 5Ω, whichever is larger

Mechanical
- Starting Torque: ≤ 35 mN•m
- Rotation Life: 200 cycles min with max change of ≤ 10% in total resistance
- Resistance Element: Cermet

Environmental
- Operating Temperature: −55°C to +125°C
- Electrical Endurance: 1000 hours
