\*Recommendations from colleagues and past clients

*“Linda and I worked together on a committee for many years. Linda is a warm and generous person that has a passion for helping. Linda has been a great source of information and resources for me”*

Ken Morse, TWU EAP Rep. American Airlines – O’Hare, in Chicago

*“I had the pleasure of working with Linda when she worked at Hinsdale Hospital. I often made referrals when I was in an Employee Assistance role, for behavioral health and chemical dependency issues. Linda was always attentive to the needs of patients and the employers that worked with her. Additionally, she was always careful to respect confidentiality and privacy. I think what really made her special though, was that she genuinely cared for everyone she worked with. Selling and Account Management are Linda’s top skills, but to do it with heartfelt care and consideration for others was what stands out in Linda. I would highly recommend her services to anyone, with no reservation.”*

Scott Cullen-Benson, EAP Manager for the Midwest Region American Airlines – O’Hare, in Chicago

In addition, her extensive knowledge and experience in her field made her the “go to” person for many of us.
