June 2022

Rally Time

It is June! First and foremost, Shawn and I would like to wish all of our Fathers out there a very Happy Father's Day. For Father's Day why don't you go out and buy a piece of bling for your Goldwing.

What comes along in June in Oklahoma—let's see—Rainy Season, getting warmer and waiting for summer to start and tornados. Get prepared and watch the weather before you go on rides. Safety First"

Shawn and I went to the Arkansas District Rally in May. The theme was "BACK IN THE SADDLE". It had been over three years since they had their last rally. They held the rally in Harrison, Arkansas which is a neat town for motorcyclist. The Arkansas district had some great rides.

Louis and Pam Wofford who are the Arkansas District directors and their team, had a great schedule of events for all who attended. Again, lots of rides, an ARC and IRC course. They had twelve seminars mostly rider courses. Lots of games including the famous Beanbag Baseball all three days of the rally. They brought in the local boy scout troop to have a great Pinewood Derby Race (wingers vs Boy Scouts). We were proud of the Oklahoma district as we took home 1st Place for most attendees. This was out of 15 states that attended the rally. Way to go Oklahoma.

Wing Ding 43 Help

Oklahoma needs your help at Wing Ding this year. Our district is responsible for the on-site registration on Thursday June 30th. Please contact us at 405-747-4618 or Ironsline3414@gmail.com to sign up to help.

Talking about Wing Ding.... You still have time to register. Wing Ding is Jun 29th—July 2nd at the Shreveport Convention Center, 400 Caddo St. Shreveport, LA.

Invite a Friend

For June, let's invite a friend to come ride with us. We all know someone who rides a motorcycle that we can call and invite to go on a ride or come to one of our gatherings.

Out-of-State Visitation Travel Program

Start planning for the 2022 Out-of-State Visitation Travel Program which is going to be a fun time for all chapters. This is a good way to get people involved in visiting other chapters and rallies outside their own Oklahoma district for 2022. Going to Missouri, Texas, Kansas rally? Do you plan on visiting another states chapter gathering? Get 1 point for visiting an out-of-state chapter gathering and 3 points for visiting an out-of-state rally. You will even get 3 points for taking an on-bike/trike course or other seminar such as a training weekend if it is out-of-state. This cannot be in conjunction with any out-of-state rally. It does not matter how many members attend, or how many times during the year you attend. Your chapter gets 1 point for visiting an out-of-state chapter gathering or 3 points for visiting an out-of-state rally or training weekend for the entire chapter per visitation. Just added get 5 points for attending Wing Ding. Just take a picture with the host chapter, rally, or training weekend, do a short chapter article for the district newsletter, and make sure that it is on your monthly chapter calendar as a visitation to get credit. The chapter with the most points at the end of 2022 will get a \$100.00 food gift card to help defray the cost of your chapter Christmas party. Send in articles to Sandi Miller you Oklahoma District Newsletter editor <mailto:sandimiller6850@gmail.com> or call her at 918-344-7530. For more information, please contact John & Shawn Irons.

Missouri District Rally

Fun time was had by all who attended the Missouri district rally June 2nd through 4th in Branson, MO. If you have never been to a Missouri District, then you are really missing out in a lot of fun and good food. Branson is known for Silver Dollar City and all the great live shows that they host all year long. The rally is just a good excuse to come and have fun with Gold wingers and do a lot of fun things

together. Missouri has lots of great roads to travel and could even rival the great smokey mountains in great curvy roads. What makes the Missouri rally fun is also its great restaurants and great discounts they give to all who attend. How does getting \$7.00 off each meal sound. All the discounts that you get pays for your registration. Again, Oklahoma had great support with 23 members in attendance from our district. The Missouri district team put on a great rally and know that next year's rally will even be better. Sign up now for next year.

Thanks to our district sponsors

Wing Ding Assignments

Are you going to Wing Ding 43 from Oklahoma? We need help as we are assigned to assist in the on-site registration on Thursday Jun 30th. Contact John & Shawn Irons for when can work a few hours that day.

Kay Smith

Oklahoma MAP Coordinator

May has come and gone. We are now into June. The riding season is in full swing. May was National Motorist Awareness month, with May 14th being Motorist Awareness Day by GWRRA. In Oklahoma we had a very good participation with chapters having Motorist Awareness Events throughout the state from one end to the other.

It was good to see Chapter OK-X and OK-K put on a motorist Awareness project. Chapter-X set up right across the street from Eischen's Chicken in Okarche and Chapter-K set up a travel stand at the I-35 welcome center at the Kansas—Oklahoma border. It was good to see them get the **WATCH OUT FOR MOTORCYCLES** word out to all drives.

Motorist Awareness is not just a May event. It goes on all year, every time we ride it's a prime time to talk with people about we make stops for gas, food and are always interested in what they before, it's not that hard and can we are all encouraged to help on the road. Motorist Awareness year. I know of one state that has a of the riding season somewhere in

GWRRA and Motorist Awareness as motels. With a group of bikes people are doing or going. As we have said be fun. As fellow motorcycle riders make the public aware of our being events can be done any time during the Motorist Awareness event each month the state.

June, 2022

Let's Talk About Tires

Tires on motorcycles, like any vehicle, play a vital role in the performance, handling, and safety of the bike. Many times we tend to ignore the necessary maintenance needed to keep the tires safe. With motorcycles, there are only two (or three) small contact patches for the rider to rely on, so it is extremely important to keep the tires in top condition.

Any tire, no matter how well constructed, may fail in use as a result of punctures, impact damage, improper inflation, overloading, or other conditions resulting from use or misuse. Tire failure may create a risk of property damage, serious personal injury or death. To reduce the risk of tire failure, I strongly recommend you read and follow all safety items below.

It is recommended that riders do a periodic inspection of their tires and have any imbedded objects removed by a qualified service person. Many tire failures are preceded by vibration, bumps, bulges or irregular wear. If a vibration occurs while riding your motorcycle, or you notice a bump, bulge or irregular wear, have your tires and motorcycle evaluated by a qualified service person.

It is not often that a properly maintained tire will "blow out" while you are riding. More commonly if air is lost, it will be gradual. If you do experience a blow out or sudden tire failure, the following should be helpful: When the failure occurs, slowly decrease the amount of throttle, hold the handlebars firmly, and steer to maintain your lane position. Once the motorcycle has slowed and is fully under control, apply the brakes gently. Gradually pull over to the shoulder and come to a stop.

Always keep the motorcycle manufacturer's recommended air pressure in your tires. This is an important requirement for tire safety and mileage. Your motorcycle owner's manual will tell you the recommended cold inflation pressure. On some motorcycles, the recommended front and rear tire pressures will be different. The pressures stamped on the sidewall of the tire are only for *maximum* loads. On some occasions, these pressures will also be the manufacturers recommended settings as well.

Riding on tires with too little air pressure is dangerous. The tires will build excessive heat. Under inflation may cause: 1. Damage the tire leading to tire failure, 2. Affect vehicle cornering, 3. Reduced tire life, 4. Increase in fuel consumption, and 5. Cause fatigue cracking.

Riding on tires with too much air can also be dangerous. The tires are more likely to be cut, punctured, or broken by sudden impact. Do not exceed the pressure indicated on the tire sidewall. Old or damaged valve stems and cores may cause air loss. Replace them when mounting new tires. Use caps (finger tight) on the valve stems to keep dust, dirt and moisture away from the valve.

Check your tire air pressure at least once a week, and before long trips. Be sure to use an accurate pressure gauge. Always check your air pressure when the tires are "cold." The tires are "cold" when your motorcycle has been ridden less than a mile at moderate speed, or after being stopped for three or more hours. If you must add air when your tires are hot, add air only in small amounts. Recheck the inflation pressure when the tire is cold.

Never release air from a hot tire in order to reach the recommended cold tire pressure. Normal riding causes tires to run hotter and inflation pressure to increase. If you release air when your tires are hot, you may dangerously underinflate your tires.

Use care when riding on new tires. It is recommended that you ride slowly and carefully for the first few miles until you become accustomed to the performance of your new tires in conjunction with your motorcycle. Avoid extreme maneuvers, including sudden acceleration, maximum braking and hard cornering until you have become accustomed to the performance of your tires in conjunction with your motorcycle.

Riding your motorcycle in an **overloaded** condition is dangerous. Overloading causes excessive heat to build up in your tires. This can lead to sudden tire failure and serious personal injury or death while the tire is overloaded, or at some later date.

After **striking** anything unusual in the roadway, check for damage. A tire may not have visible signs of damage on the tire surface. Yet, the tire may suddenly fail without warning, a day, a week, or **even months later**. Inspect your tires for cuts, cracks, splits or bruises in the tread and sidewall areas. Bumps or bulges may indicate a separation within the tire body. **Recently I hit "something"**, and it put not only a hole in my transmission cover, but **later** I also ended up with a "blister" or bulge before going to the 2022 Arkansas District Rally (as shown below):

Inspect your tires for **adequate tread depth**. When the tire is worn to the built-in indicators at 1/32nd inch or less tread groove depth, or the tire cord or fabric is exposed, the tire is dangerously worn and must be replaced immediately. Inspect your tires for uneven wear. Wear on one side of the tread or flat spots in the tread may indicate a problem with the tire or vehicle. Inspect your rims also. If you have a bent or cracked rim, it must be replaced.

And as I always say – **"What would YOU do if ..?"**

So **Be PREPARED**. Ride Often, Ride Safe, Keep the Shiny Side Up!

OK District Newsletter MEC article

For June

Hello GWRRA Goldwing Friends,

Tis the season!! The district rallies are being held and folks are planning/implementing their vacation/travel plans. I realize these trips are for enjoyment and to have "fun". But, if you happen to be involved with an activity or event that is "FUN", maybe when you return to your local GW Chapter the activity can be reproduced and become a "FUN" activity at your Chapter or District level. There is nothing wrong with utilizing/reproducing a "FUN" activity or event as long as credit is given where it's due.

I would like to THANK the Chapter MEC's for being efficient in contacting their members regarding expiring membership dues. Yes, a notice is sent out from National but sometimes our lives are so busy that we forget to take care of paying our membership dues. The other part of this "THANK YOU" is how efficient the MEC's respond back to me with the dates and types of contacts so that I can complete my monthly report and send it in for recording.

If you are planning a trip or vacation, have "FUN" and enjoy yourselves! Be careful and safe!

Until next time,

Carol

Mark and Linda Classen
Riding for Fun Safely with our Friends

GWRRA - Oklahoma
District University Coordinators

GWRRA Oklahoma Family,

As the summer gets here it finds me busy and busier! I am preparing for Wing Ding 43 where Linda and I will again be there and meeting many of you as you come to the Shreveport Convention Center in Louisiana! I hope that many of you have already made your reservations and are as excited as we are to be going! I will be doing a seminar at Wing Ding on Wednesday, June 29 at 12:00 noon in room 203, hope that I see many of you there! It is on a subject that many of us are familiar with "How aging affects Riders" – not that I consider myself as "aged", but I do look forward to the insights that others will be sharing with me in the participation of the class.

We are getting quite a lot of excitement for the September 3rd and 4th weekend seminars being given with the help of our neighboring states. Texas, Kansas and Arkansas have all joined together and we are bringing Lorrie Thomas, the director of GWRRA University to Stroud, OK for a great weekend! On Saturday we will be having a "New ITCP Trainers" seminar for anyone who wishes to become an ITCP trainer. On Sunday we are giving "GWRRA 101" training for anyone, but highly recommended for any new officer of a local chapter, who wants to learn more about GWRRA the organization and workings of what goes on in chapter life. I already have several signed up for both days, so let me know if you are planning on attending. I have attached a flyer for you to use in your chapters to generate excitement for the weekend.

Lastly don't delay in getting your registration in for the Oklahoma Rally! It is on October 27-29 this year and the theme is HalloWing, it is sure to be a great rally. It is in Ponca City, OK and we are working to bring you the best of the best in fun and fellowship and of course KNOWLEDGE. Get your registrations in now.

Have a great month and remember, keep yourselves between the yellow lines, with the shiny side up, and always keeping your levels up also!

Mark & Linda Classen
Oklahoma District University Coordinators (DUC)

June 2022 OK-P District Newsletter Article

Our big event in May was the Heyburn Lake Campout the first week of the month. We had 21 campers for the week, as well as daily get togethers, Dinner Rides and Day Trips throughout the week.

In addition to our usual Friday Dinner Rides, we also made a Picnic Ride to the "Totem Pole Park", had a Saturday Get Together and a Morning Brunch Ride. We also enjoyed another fun Monthly Gathering with 24 Members participating.

We had such a good time at Heyburn Lake, we decided to get in another week of camping (June 5th to 11th) at Birch Lake before it gets really hot. We also have a Day Ride planned to Tahlequah (June 14th) and a Movie Night Ride planned at the Will Rogers Memorial Theater (June 24th). And of course we will have our Friday Dinner Rides as well.

Follow us on GroupWorks Chapter P site for the most up to date information on planned events and activities. As always – all are welcome to come join the fun when you can.

Day Ride to D's Specialty - Stroud

CHAPTER B ANNOUNCING COUPLE OF THE YEAR: DANA AND DAVE TAYLOR

CONGRATULATIONS!!!!

Chapter K News

Chapter K has held several events for the "Motorist Awareness" month. On Saturday, May 14th, we set up our canopy at the Travel Center on I-35 near Blackwell. We had several travelers stop by to visit and we provided them with information about GWRRA and Motorist Awareness. Of course, several of them rode motorcycles and most of them were intrigued with John H Stallion as they had not seen one before and we had some good conversations with them. We do appreciate the folks that came from Chapter X (Steve and Carolyn C, and Curtis) to sit with us and Jim and Vickie C. did stop by on their way back from Wichita. Thank you guys for helping us!

We will be setting up another "Motorist Awareness" booth on May 27th at the monthly Old Dogs Cruise In from 5-8p. We will be located south of the Burger King on 14th street in Ponca City. At this location we have folks that bring their cars and motorcycles to visit as well as having folks driving by will stop by to look at the vehicles there.

Other than these 2 activities we have held our dinner rides and four (4) Chapter K members attended the Arkansas District Rally and Missouri District Rally.

Until next time....ride safe!

Carol Murphy

Chapter K Director

CHAPTER OK-X

Arkansas Rally May 18-21, 2022

Twelve members of Chapter X hit the road to Harrison in anticipation of a fun time in Arkansas. We were not disappointed. The Arkansas District, after not having a rally for a while, had 161 people attend and everyone we spoke to enjoyed everything they provided. Oklahoma had the most attendees (and X had most of those) than any other out of state! Oklahoma District Chapter Director, John Irons, collected the award and Cracker Jacks!

Arkansas had a nice hamburger/ice cream social after opening, in a beautiful city park. It was perfect weather for it.

There were classes to attend, vendors to shop, rides to enjoy, games to play, bike and light shows and lots of visiting with old and new friends. And did I mention eating—we don't miss any meals! Even celebrating anniversaries!

Andrea, AKA the hugger from Arkansas, gave out over 400 HUGS! The weather on the ride home was brisk, but with heated jackets, no issue. We were thankful the rain was gone!! A great rally with more to come!

SEPTEMBER 3 & 4, 2022

GWRRA UNIVERSITY TRAINING EVENT

Presented by the Oklahoma District & the Director of GWRRA University, Lorrie Thomas as she helps us in this weekend's training.

Sept 3: ITCP Instructor Training. With this you will be able to facilitate any module on the University site that your RE levels would allow. In order to participate you must:

- First you must watch the 4 videos at gwrradot.com under the tab "ITCP Training"
- Then complete the ITCP Inquiry Form
- Finally, Lorrie will contact you by Zoom for an instructor's interview.

This must be done before you can participate in the Instructor Training. Lunch provided cost TBA.

Sept 4: This will be GWRRA 101 – A great opportunity to learn more of the history and leadership responsibilities in GWRRA. Anyone who is a member will benefit from this training.

Please RSVP Mark Classen

mnlclassen@gmail.com

by 06/30/2022
