

Words From Our Biggest Fans...

Your inspection report was very informative and helpful and proved right on target. As a result of your inspection I knew very clearly which areas needed further assessment, and was able to get needed electrical repairs covered by the seller, which more (many times more) than covered the cost of the inspection. I also know where to focus for future repairs.

Thank you very much for your help. I would not hesitate to recommend your service to anyone.

We have had nothing but the best of experiences with the service provided by Central Illinois Inspection Corporation.

We have relied on them for several home inspections and have always found the level of professionalism, knowledge and communication to be beyond and above excellent.

Thank you Brad for always providing detailed and understandable reports.
