

### **First Responders Children's Foundation Program**

New Day Outreach Ministries supports First Responders Children's Foundation which provides financial support to children who have lost a parent in the line of duty and families enduring significant hardship due to tragic circumstances. No matter what support a first responder family needs, The Foundation is ready to help the heroes who dedicated their lives to helping others. Supporting The First Responders Children's Foundation is an investment in the future of children who have experienced the loss or suffering of a parent due to the heroic work of first responders. By providing financial and emotional support to the children of first responders, New Day Outreach Ministries is also indirectly supporting the well-being of first responders themselves. Knowing their families are being taken care of can alleviate stress for first responders, allowing them to focus more on their demanding and hazardous work.
