ABOUT US

William D Moyer is the Owner/President of **Life Matters Hypnosis Academy, LLC**. He is also the sole Director, Instructor and Representative of the Hypnosis Training Program. Mr. Moyer has been an active member of the International Medical & Dental Hypnotherapy Association since 2011 and has presented at the annual IMDHA conference.

William is a graduate of Anne King's Hypnosis Training. He has practiced Hypnosis & Life Coaching since 2012 and has taken countless hours of instruction in the hypnosis field with professionals from around the world. He attends the IMDHA annual conference in person or via remote access as well as the semi-annual Galaxy of the Stars presentations to fulfill the IMDHA required 30 hours/year of Continuing Education and to enhance his professional expertise.

This hypnosis training for certification program has been referred to as one of the best in the country under Anne King's direction. William's aim is to carry on Anne's legacy through a teaching style that is simple, direct, and easy to understand. Numerous demonstrations, examples, and hands-on practice sessions are included. William teaches a variety of methods and techniques rather than relying on one specific school of thought.

Life Matters Hypnosis Academy, LLC will follow and build on the foundation created by Anne King while updating to include the latest methods and techniques.

The Life Matters Hypnosis Academy, LLC certification program consists of 162 classroom hours of study with lecture, demonstration, and lab. The Basic module consists of one 40.5-hour course. The Intermediate & Advanced modules are covered in two 54-hour courses. Business and Marketing is a 13.5-hour module. A 3-hour Ethics module is required by self-study. Successful completion of *all modules is needed to complete the Life Matters Hypnosis Academy, LLC* program. School hours are listed under **Course Schedule** on page 11 in this catalog.

Life Matters Hypnosis Academy, LLC meets the standards of the International Medical and Dental Hypnotherapy Association, teaching approved curriculum and preparing students to pass the IMDHA Certification Exam. The IMDHA requires additional hours of independent study outside the classroom to be eligible to sit for the certification exam.

Our Facilities: **The Life Matters Hypnosis Academy, LLC** program is presented remotely via Zoom. Students are required to have, at a minimum, a reliable internet connection by desktop, laptop or tablet computer. Connection by telephone is considered unreliable and is discouraged. In addition, students must be able to connect reliably to Zoom although installing the program on your device should not be necessary.

Additional tools that each student is required to install on their device include Audacity for recording assignments and WeTransfer for submitting the recorded files to the school. These programs offer a version that is free to download and use. The free version should be sufficient for all school requirements.

ABOUT The Life Matters Hypnosis Academy, LLC program

Certificates of Completion: are awarded to those students who have been present for all classroom hours and successfully completed all assignments in any given module (Basic, Intermediate, Advanced, Business & Marketing). Successful completion of Life Matters Hypnosis Academy, LLC program requires completion of all sections of each of the modules and successful completion of the IMDHA required Ethics module via self-study; available exclusively on the IMDHA website.

A **Final Certificate:** will be awarded to students who have successfully completed the IMDHA's requirement for certification. The final certificate will note their eligibility for certification and include total hours earned. **NOTE: IN ORDER TO RECEIVE A FINAL CERTIFICATE AND BE ELIGIBLE FOR CERTIFICATION THROUGH IMDHA, STUDENTS MUST COMPLETE 70 ADDITIONAL HOURS OF INDEPENDENT STUDY OUTSIDE OF THE CLASSROOM.**

Length of Classes: The Basic 40.5-hour module is presented in three non-consecutive weekends. The Intermediate & Advanced 54-hour modules are presented in four non-consecutive weekends. Business and Marketing is a 13.5-hour module presented in one weekend. The Ethics module is 3 hours of self-study. *All courses are needed to successfully complete the Life Matters Hypnosis Academy, LLC program.* For Certification purposes, students must also complete an additional 70 hours of Independent Study and homework as assigned.

See the schedule on page 12 of this catalog for detailed information including dates of courses.

Grading: Courses are taught on a pass/fail basis. No point grades are issued. Transcripts are available to the student upon request and without charge for the first copy.

Credit for Previous Education Requests: must be approved through the International Medical & Dental Hypnotherapy Association. William Moyer has no authority to offer or guaranty credit towards hypnosis certification eligibility and will require a written statement from the International Medical & Dental Hypnotherapy Association before awarding credit for previous education. Students wishing to request credit for previous education must furnish his/her education history along with a cover letter detailing the reasons they should be granted credit to William Moyer, Director. He will then forward a packet which includes his comments and recommendations to the IMDHA for their consideration and approval. The prospective student will be notified of the IMDHA's decision.

No student may enroll whose registration and attendance is *contingent* upon IMDHA's approval of previous hypnosis education.

Entrance Requirements: Students must have a minimum of a GED. TWC requires students to furnish a copy of their GED certificate, High School Diploma, or college transcripts prior to enrollment. No entrance exam is required. In order to be eligible for certification through the International Medical & Dental Hypnotherapy Assoc., students must be at least 18 years of age and furnish a copy of their driver's license or legal photo identification.

Prospective students will not be denied admission on the basis of race, color, national origin, gender, handicap, age, veteran status, sexual preference, religious or political affiliations; however, prospective students must be capable of understanding the course content and performing all required skills physically and cognitively.

The State of Texas: has not adopted any educational and training standards for the practice of hypnotism. Hypnotists/Hypnotherapists do not diagnose, prescribe, or counsel any clients unless they are licensed through the state of Texas to do so. When there are medical and mental health issues, Hypnotists/Hypnotherapists work with clients only with a referral from the proper professional, e.g. medical doctor, psychologist, etc.

Conduct: All students shall conduct themselves in a respectful manner and act with maturity and integrity while participating in the course. The Director reserves the right to terminate any student at his own discretion at any time. Grounds for probation and/or termination include but are not limited to: failure to meet financial responsibility for tuition and fees, disruptive or unsafe behavior, attending class while under the influence of alcohol or any illicit substance and/or anything that the Director deems destructive to the relationship between the instructor and/or fellow students. If probation is enforced, it will remain in effect until the completion of current course of instruction (BAS01, INT02, ADV03, MKT04). Students terminated for any of the reasons listed above may not be readmitted before the start of the next course of instruction (BAS01, INT02, ADV03, MKT04) provided they have met the required prerequisites. There will be no refund of tuition or fees in the event of student termination nor will those fees be applied to a future course.

Satisfactory Progress: The student's progress is determined by instructor's observation of each student throughout the training period. Areas of observation include: the student's participation in lab, demonstration of skills during lab, the student's comprehension of the subject matter and application of same. Written input (no point-based grading) is furnished to students for homework assignments. Each student shall receive a Progress Report midway through the entire program. Should the instructor determine the student's progress to be unsatisfactory, the student shall be placed on probation until the end of the program. Instructor will furnish in writing suggestions and requirements necessary to remedy the situation. Any student who does not achieve satisfactory progress by the end of the program shall not receive a passing grade which will be reflected on the final Progress Report at the end of the entire program. Students failing to make satisfactory progress may re-enroll *within a 12-month period*. Additional fees may apply. Enrollment after 12 months will be subject to the current fee schedule at the time of enrollment and requires written approval by the Director. Extension of the time limit requires written approval by the Director.

In accordance with the Texas Education Code, Section 132.061(f):

A student who is obligated for the full tuition may request a grade of "incomplete" if the student withdraws for an appropriate reason unrelated to the student's academic status. The student is allowed to re-enroll in the program during the 12-month period following the withdrawal date and complete the incomplete subjects as they are available and scheduled. Additional fees may apply.

Make-up Work: In accordance with the provisions of the TWC Rule Book, Section §807.244

- (a) No more than 5% of the total course time hours for a program may be made up.
- (b) The school shall submit make-up work policies to the Commission for approval.
- (c) Make-up work shall:
 - (1) be supervised by an instructor approved for the class being made up;
 - (2) require the student to demonstrate substantially the same level of knowledge or competence expected of a student who attended the scheduled class session;
 - (3) be completed within two weeks of the end of the grading period during which the absence occurred;
 - (4) be documented by the school as being completed, recording the date, time, duration of the make-up session, and the name of the supervising instructor; and
 - (5) be signed and dated by the student to acknowledge the make-up session.

Leaves of Absence: In accordance with the provisions of the TWC Rule Book, Section §807.245

- (a) Seminars and small schools with programs with course time of 40 hours or less shall not grant leaves of absence.
- (b) A school Director may grant a leave of absence after determining that good cause is shown.
- (c) Except as provided in subsection (d) of this section, in a 12-month calendar period, a student may have no more than two leaves of absence. For a program with course time of 200 hours or less, a student may be on leave of absence for a total of 30 calendar days. For programs with course time of more than 200 hours, a student may be on leave of absence for a total of 60 calendar days.
- (d) Programs with a course time of more than 600 hours, and that are eligible for Title IV funding, may have a leave of absence policy consistent with the U.S. Department of Education policy at 34 C.F.R. §668.22(d).
- (e) School attendance records shall clearly define the dates of the leave of absence. A written statement as to why the leave of absence was granted, signed by both the student and the school director indicating approval, shall be placed in the student's permanent file.
- (f) In addition to the requirements concerning leaves of absence in this subchapter, a school offering degree programs that schedules their courses on an academic quarter or academic semester basis may include in their attendance policies provisions for summer leaves of absence. These leaves of absence shall not exceed the lesser of 120 days or the interval between the end of the spring academic quarter or academic semester and the start of the fall academic quarter or academic semester.

Graduation Requirements: In order to successfully graduate from the Life Matters Hypnosis Academy, LLC program students must complete all classes (12 weekends totaling 162 hours), complete all home study assignments (totaling a minimum of 70 hours), complete the 3-hour Ethics module by self-study and pass the IMDHA certification exam. Credit for absences may be obtained by attending classes in person *the next time that particular weekend of instruction is offered within a 12-month period*. Written approval by the Director is necessary for an extension to this time limit. Tardiness of more than 45 minutes and *Leave of Absences* which have been approved in writing by the Director are subject to the terms and conditions listed above.

Program Description/Skills obtained: Graduates will have a full understanding of hypnosis and be skilled at working with clients. They will be able to prepare the client for the session by establishing rapport and providing a full explanation of the hypnotic process. Graduates will know how to administer suggestibility tests in order to determine the best approach for each client. They will be skilled in using numerous types of inductions, deepening techniques, and other methods for successfully achieving and utilizing hypnosis with clients. Graduates will know how to use suggestion, visualization and other hypnotic modalities to help motivate the client to make their desired changes in behaviors, attitudes and/or beliefs. They will understand and know how to use safeguards for their clients and work within their own limits

Income potential & Job Placement: There are numerous ways to use hypnosis and offer it as an income-producing service. The majority of practicing Hypnotists/Hypnotherapists work out of their homes, keep a small office, or share office space. Numerous people use their hypnosis skills in conjunction with other skills (counseling, nursing, massage, teaching, sports coaching, etc.). Many trained Hypnotists/Hypnotherapists use hypnosis to supplement other income. Some have built large businesses which employ several hypnotists.

It is impossible to determine normal income based on (1) the various aspects of the hypnosis business and (2) skill levels in both hypnosis and business management of the individual. As a source of income, the hypnosis business relies heavily on the individual and his/her skill level with regard to owning and operating a small business. It is rare (although possible) to find employment working for another hypnotist. The opportunities to work out of large franchise operations are a possibility if you live in a large city although the pay may be well below what you earn with your own clients.

The amount paid for a hypnosis session will vary from one hypnotist to another, and from one location to another. Generally, larger and more affluent areas demand higher fees than smaller, more economically challenged areas. However, advertising costs and office space are usually higher in the affluent areas as well. Fees for a single hypnosis session may be low as \$50 and as high as \$300 or more. Besides the hypnotic skill level of the hypnotist, the ability to market and run a business effectively has a significant influence on the overall success of the individual. The more clients you can obtain and serve, the higher your income.

Life Matters Hypnosis Academy, LLC does not offer placement assistance.

CANCELLATION AND REFUND POLICY FOR VOCATIONAL (RESIDENCE) SCHOOLS WITH COURSES OF MORE THAN 40 HOURS

CANCELLATION POLICY

A full refund will be made to any student who cancels the enrollment contract within 72 hours (until midnight of the third day excluding Saturdays, Sundays and legal holidays) after the enrollment contract is signed. A full refund will also be made to any student who cancels enrollment within the student's first three scheduled class days, except that the school may retain not more than \$150 in any administrative fees charged, as well as items of extra expense that are necessary for the portion of the program attended and stated separately on the enrollment agreement.

REFUND POLICY

1. Refund computations will be based on scheduled course time of classes through the last documented day of an academically related activity. Leaves of absence, suspensions and school holidays will not be counted as part of the scheduled class attendance.
2. The effective date of termination for refund purposes will be the earliest of the following:
 - a) the date of termination, if the student is terminated by the school;
 - b) the date of receipt of written notice from the student; or
 - c) ten school days following the last date of attendance.
3. If tuition and fees are collected in advance of entrance, and if after expiration of the 72 hour cancellation privilege the student does not enter school, not more than \$150 in any administrative fees charged shall be retained by the school for the entire residence program or synchronous distance education course.

4. If a student enters a residence or synchronous distance education program and withdraws or is otherwise terminated, the school or college may retain not more than \$150 in administrative fees charged for the entire program. The minimum refund of the remaining tuition and fees will be the pro rata portion of tuition, fees, and other charges that the number of hours remaining in the portion of the course or program for which the student has been charged after the effective date of termination bears to the total number of hours in the portion of the course or program for which the student has been charged, except that a student may not collect a refund if the student has completed 75 percent or more of the total number of hours in the portion of the program for which the student has been charged on the effective date of termination. (More simply, the refund is based on the precise number of course time hours the student has paid for, but not yet used, at the point of termination, up to the 75% completion mark, after which no refund is due.)

5. Refunds for items of extra expense to the student, such as books, tools, or other supplies are to be handled separately from refund of tuition and other academic fees. The student will not be required to purchase instructional supplies, books and tools until such time as these materials are required. Once these materials are purchased, no refund will be made. For full refunds, the school can withhold costs for these types of items from the refund as long as they were necessary for the portion of the program attended and separately stated in the enrollment agreement. Any such items not required for the portion of the program attended must be included in the refund.

6. A student who withdraws for a reason unrelated to the student's academic status after the 75 percent completion mark and requests a grade at the time of withdrawal shall be given a grade of "incomplete" and permitted to re-enroll in the course or program during the 12-month period following the date the student withdrew. An additional re-enrollment fee may apply.

7. A full refund of all tuition and fees is due and refundable in each of the following cases:

- a) an enrollee is not accepted by the school;
- b) if the course of instruction is discontinued by the school and this prevents the student from completing the course; or
- c) if the student's enrollment was procured as a result of any misrepresentation in advertising, promotional materials of the school, or representations by the owner or representatives of the school.

A full or partial refund may also be due in other circumstances of program deficiencies or violations of requirements for career schools and colleges.

8. Refund Policy for Students Called to Active Military Service

A student of the school or college who withdraws from the school or college as a result of the student being called to active duty in a military service of the United States or the Texas National Guard may elect one of the following options for each program in which the student is enrolled:

- (a) if tuition and fees are collected in advance of the withdrawal, a pro rata refund of any tuition, fees, or other charges paid by the student for the program and a cancellation of any unpaid tuition, fees, or other charges owed by the student for the portion of the program the student does not complete following withdrawal;
- (b) a grade of incomplete with the designation "withdrawn-military" for the courses in the program, other than courses for which the student has previously received a grade on the student's transcript, and the right to re-enroll in the program, or a substantially equivalent program if that program is no longer available, not later than the first anniversary of the date the student is discharged from active military duty without payment of additional tuition, fees, or other charges for the program other than any previously unpaid balance of the original tuition, fees, and charges for books for the program; or

(c) the assignment of an appropriate final grade or credit for the modules in the program, but only if the instructor or instructors of the program determine that the student has:

(1) satisfactorily completed at least 90 percent of the required coursework for the program; and

(2) demonstrated sufficient mastery of the program material to receive credit for completing the program.

9. The payment of refunds will be totally completed such that the refund instrument has been negotiated or credited into the proper account(s) within 60 days after the effective date of termination.
