

LOUVERS & SHUTTERS

B&B's 35 years of combined experience allows us to manufacture and showcase custom louver door designs like interior louver pre-hung door units or exterior pre-hung units that can be equip with screens and allow for ventilation. Innovations in designs like our pocketed, screened louver doors allow the warm summer night breeze into your home with the added privacy and security. Louvers can be custom manufactured for maximum airflow with a small set up charge. Our louvers are manufactured with superior craftsmanship allowing for limitless customization and uncompromising quality. Our CNC equipment guides both standard and custom cuts with precision. Your orders are bound only by your creativity. B&B's high standard of perfection has served as our most effective marketing tool through customer satisfaction.

Architects, contractors, and home owners have come to realize B&B's craftsmanship and CNC equipment offer the quality they seek. This known standard of quality within B&B's louvers provides your own unique finishing touch to your home. B&B's wood louvers are available in Douglas Fir, Oak, Mahogany, Walnut and other wood species. Every louver can be built to your specifications. Whether your style, size or louver blade preference exceed competitors' abilities, B&B can manufacture your custom louvers to your satisfaction with confidence.

WOOD SPECIES

PREMIUM CHOICES

B&B uses a wide variety of wood species. Wood is a natural product that there are varieties even on it's own specie. In nature, no two are exactly alike. Nature gives each specie its own individual character. So the door you'll get will be as unique as yourself. At B&B we hand pick the parts and fabricate each one individually. Every one gets our attention.

Every door and window, louver and shutter can be built to your specifications. Your style in the wood of your choice is shown here.

Pick your fancy.

We begin with the right quality, premium grade material. That's how we end up with the right quality product.

Other Species available are:

Accoya, African Mahogany, Afromosia Mahogany, Cherry, Genuine Mahogany, Hard Maple, Knotty Alder, Pine, Port Orford Cedar, Red Merante Mahogany, Red Oak, Red Oak Quarter Sawn, Rift Cut Red Oak, Sipo Mahogany, Spanish Cedar Mahogany, Superior Alder, Teak, Walnut, Western Red Cedar, White Oak, White Oak Quarter Sawn and Rift cut white oak.

Louver Blade Choices:

Stile & Rail Thickness	Blade Size Options
1 3/8"	1/4 " x 1 1/4" 3/8" x 1 3/4" 3/8" x 2 1/4" Square Edge Stile & Rail
1 3/4"	1/4" x 1 1/4" 3/8" x 1 3/4" 3/8" x 2 1/4" 3/8" x 3"

Sizes:

Every Louver Door is built to order, we can build them to your specifications.

Styles:

Full Louver, Full Louver with lock rail, Louver with a Lower Raised Panel, and Louver with a Lower Flat Panel. Arch top can be applied to most styles.

Blade Detail:

Blades are sanded prior to assembly
After assembly, we then fine sand the stiles and rails including edges for the ultimate finish.

Factory Finish Options:

Factory Priming

An exterior high quality advanced formula that is a sealer/ stain-blocking primer. This primer will accept a water or oil based top coat paint. It is non-blocking, allowing for a superior top coat application. It also reduces dimensional changes.

Wood Preservative

A penetrating and paintable, water repellent preservative. It is intended to treat the wood to protect against decay fungi, staining fungi, surface mold and mildew. This wood preservative will accept any stain or primer and help reduce dimensional changes.

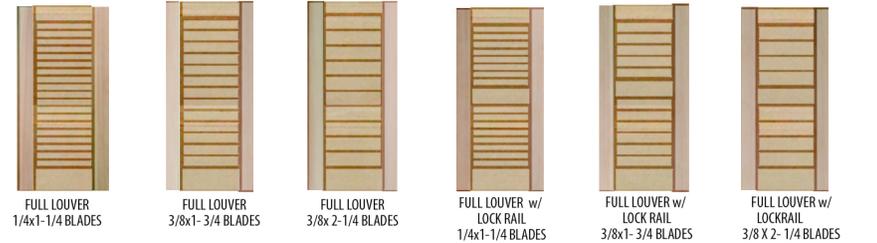

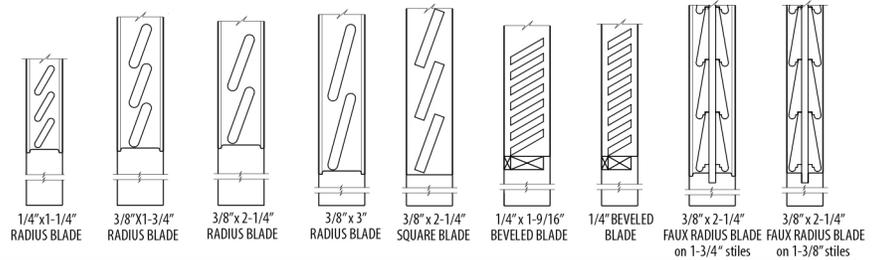

*Pine and Port Orford Cedar are for shutters only.

*1 1/8" thickness is intended for shutters only.
