Hi Milindha,

Thank you for sending me the tea cigars - I have never seen that form of tea before, and they have been such a treat this week. The flavor is unexpectedly fresh and delicate to my palate. Just lovely! My mom, grandmother, and Daniel have all enjoyed tastes of it, too.

Best,
Emma

Good morning! Well, I don't remember my exact words, but I find your Morning Glory (English Breakfast) tea to be richly flavored, complex, and very smooth without a hint of acidity. Delicious! -"always hits the spot!"

Tea Type: Organic Morning Glory

Customer: Margit-Berkeley: July,2026

We made a dreadful potful yesterday – way too strong, brewed too long, and we were trying it straight. But this morning, we've been following the very clear instructions on the package and I'm on my third cup already. It's quite delicious, as you said it would be. Thanks, Milindha!

I never used to drink tea, but a friend changed all that by giving me an Earl Grey sample. Now, I can't start my mornings without it!

Customer Sumita-Albany: March,2026 (A former India Tea Board Representative)

" Thank you so much for the tea Mili. I have been thoroughly enjoying its delicious almost malty flavor. It is perfect for a morning cup. My old regular (a combo of Lopchu

Darjeeling Orange Pekoe and Red Label black tea), has been put aside these last few days, while I savor what you gave me.”

“Still thoroughly enjoying a morning cup of your delicious tea. Thank you”

Tea Type: Morning Assembly

Customer Margit-Berkeley: April,2026: -

Hi, Milindha. I figure you'd be interested in an update on my experience with your teas. The other two are lovely but the big surprise has been the Morning Assembly. When I brew a heaping teaspoon of that, it has a strength of flavor that, on first sip, took me right back to trips to the UK decades ago. More to the point, it's strong enough that it satisfies in a way that I didn't know I was missing with my tea bags of English breakfast. **Suddenly, the** idea of tea when I want a hot cuppa and a bit of a lift has become much more tempting as an occasional alternative to coffee. I had a delightful cup just now.

I may have to become a repeat customer if you do have access to certified organic Morning Assembly.
