### THIS WEEK'S PROGRAM

This week we heard from Felicia Burden from Central County Services. She spoke to us about a grant funded initiative which seeks to offer resources for those affected directly or indirectly by the suicide of a loved one. The HEAL initiative which stands for Healing and Engaging After Loss, is a 3 year initiative to strengthen suicide prevention, intervention and post suicide support and services for individuals, families, and communities. The LOSS team is in place to provide immediate, compassionate support for those impacted by suicide. The goal is to reduce the emotional toll on survivors, foster long-term healing, and promote community wide efforts to prevent future suicides, particularly among youth.
