

SLIDING WINDOW

B&B doors and windows offer the highest quality craftsmanship with 35 years of combined experience behind every door and window we sell.

We offer a wide variety of standard and custom made products using our laser accurate computerized CNC routers with the finest materials available.

At B&B, extreme care is taken from the time we receive your order until the time it is delivered to ensure that all the details are complete and to your specifications. We have worked closely with many architects to recreate and restore or even create something entirely new and unique.

Compliment your home with the beauty of wood crafted with B&B's 35 years of experience and enjoy a lasting return on your investment.

SLIDING WINDOWS

B&B's wood windows are available in Douglas Fir, Oak, Mahogany, and Walnut. Our frames are assembled with screws and caulked to provide strong, tight, and sealed joints. We test each window for fit and operation to ensure 100% customer satisfaction. Every window can be built to your specifications. Whether your style, size, or varied preference exceed competitors' abilities, B&B can manufacture your custom window without hesitation.
