TO WHOM IT MAY CONCERN

This is to certify that **Mr Seth U. NWOSU**, Master, Monash University, undertook his personal research in the Library of the International Institute for the Unification of Private Law (UNIDROIT) remotely with my guidance from 1 February – 30 April 2021. His research entailed Long term contracts and Covid-19. During his research we had many zoom consultations concerning his research.

Mr Nwosu's personal qualities made him an agreeable researcher during his remote investigation.
