

### **Make A Wish Foundation Program**

A ministry can play a significant role in supporting and enhancing the mission of the Make-A-Wish Foundation, whose goal is to grant wishes to children with life-threatening medical conditions, and bring joy and hope to their lives. By supporting the Make-A-Wish Foundation, New Day Outreach Ministry is helping fulfill the wishes of children by directly allocating funds to the Make-A-Wish Foundation to support its operations. The goal of this ministry is to bring hope, joy, and encouragement to children facing serious health challenges by helping to grant some of their wishes, whether traveling to a dream destination or experiencing an extraordinary adventure. Through this partnership, the ministry is helping Make-A-Wish create lasting memories for these children and their families.
