**This Weeks
Program: Jim
Przybylski & Mike
McNeal - TAMRA
Learning
Academy**

This week we had the pleasure of hearing from Jim Przybylski and Mike McNeal with TAMRA Learning Academy. At TAMRA Learning Academy, the traditional classroom is replaced with an environment where the challenges of every student are identified and a unique learning plan is put into action. The cognitive, social, emotional and physical elements are addressed in a creative and collaborative setting. The curriculum includes both project and assessment-based learning, resulting in a balance between academic rigor and the specific accommodations that define how a child learns. Both men spoke on their passion of creating TAMRA Learning Academy and hope to continue making progress to help more kids in the community.

Fun Facts & Did you Knows?

"My presidency began with the memorable installation banquet at the Mayborn Center. It was quite a spectacle – the men in suits, the ladies in their elegant dresses. It's interesting to reflect on how the club's composition has evolved since then. We were an all-men's club back then, a fact that, in hindsight, highlights a significant missed opportunity. We simply couldn't have foreseen the invaluable contributions women would bring to the Lions Club." - Past President Lion George White
