
In Loving Memory

Virginia “Jenny” Mills

1954 - 2026 • Duncanville, Alabama

Virginia “Jenny” Mills, 72, of Duncanville, Alabama, passed away on September 24, 2026.

Jenny was never one to back down from a difficult situation or shy away from hard work. From an early age, her parents instilled in her the importance of grit and determination, teaching her that perseverance, hard work, and the willingness to keep going when challenges arise were keys to a fulfilling life. She carried that strength and determination with her throughout her years.

Jenny was also known for her quick wit and wonderful sense of humor. She had a way of bringing laughter and light to almost any situation. If there was a joke to be found, Jenny was usually the first one to find it, and she made sure everyone else was in on it, too.

She had a deep love for music and movies, something that certainly did not go unnoticed, especially considering her collection of more than 700 VHS tapes, DVDs, and CDs. Music, movies, laughter, and the people she loved were all part of the life Jenny made her own.

Her love of movies was matched only by the joy she found in the Christmas season. She loved Christmas decorations, the lights, the colors, the ornaments, and the way they could transform an ordinary space into something magical. It was another reflection of who she was: someone who appreciated beauty, tradition, and the little things that made life feel special.

Jenny is survived by her sons, Paul Mills (Brittany) and Chad Mills; her siblings, Victoria Hatfield and Johnny Hatfield (Betty Jean); and her grandchildren, Sipsey and Asher Mills.

She was preceded in death by her parents, William “Bill” Dozier Hatfield, and Carrie Elizabeth Hatfield; and her siblings, Dorthy Thomas, Billy Hatfield, and Pete Hatfield.

Jenny will be remembered for her strength, determination, quick wit, and wonderful sense of humor, as well as her ability to find a little laughter even when life was difficult. The lessons she carried throughout her life, the laughter she shared, and the memories she created will live on through the family and friends who knew and loved her.

Her life was one of perseverance, laughter, and love, and those who loved Jenny will carry a part of her with them always.

Forever remembered. Forever loved.
