*"Creative & Flexible With A
Focused World-Wide Vision"*

ELW MANUFACTURING, INC.

As manufacturers of steel, sharp edge cutting dies, we pride ourselves in making various types of dies to meet our customers specifications.

We specialize in the following types of dies:

- Open type, bent rule clicker dies for the garment industry and leather products in sizes 3/4" to 3-1/2" height and higher in two piece construction
- Solid milled, close tolerance dies for gasket cutting, test specimens such as ASTM type, etc.
- Flatbed, Folding and Marker type dies for the shoe industry
- Rotary dies for the envelope industry

MISSION STATEMENT:

"We serve our customers with the highest standard of excellence in quality and service in the manufacturing of steel cutting dies and related services. We ensure that our customers will receive unsurpassed performance and attention to detail in each product we manufacture or repair. We are committed to being the best in the industry and will not settle for less."
