

DOUBLE HUNG WINDOWS

35

years of combined experience goes into manufacturing B&B custom windows.

Everyone comes with careful planning, research and design. Our windows are manufactured with superior craftsmanship allowing for limitless customization with uncompromising quality. Our computerized CNC routers guide both standard or custom cuts.

Your orders are bound only by your creativity.

B&B's high standard of perfection has served as our most effective marketing tool through customer satisfaction. Architects, contractors, and home owners have come to realize B&B's craftsmanship and CNC equipment offer the quality they seek. This known standard of quality within B&B's windows provides a unique finishing touch to your home.

Shown on left is a classic chain and pulley with counter weight double hung window. Rope and pulley is also available.

B&B's wood windows are available in Douglas Fir, Oak, Mahogany, and Walnut. Unlike others, our frames are assembled with screws and caulk to provide tight and sealed joints. We test each window for fit and operation to ensure 100% customer satisfaction. Every window can be built to your specifications. Whether your style, size or varied preference exceed competitors' abilities, B&B can manufacture your custom window.
