This Weeks Program: John Brinkley - Prosthetic Promises

This week we had the pleasure of hearing from John Brinkley with Prosthetic Promises. John specializes in the fitting and fabrication of custom ocular prostheses, helping restore comfort, function, and confidence for patients who have lost an eye. He is a board-certified ocularist with more than two decades of experience providing custom ocular prosthetic care in Central Texas. From 2002 to 2010, he partnered with missionaries to provide annual ocular prosthetic care in Mexico. In 2012, he co-founded Prosthetic Promises In His Name, a nonprofit organization dedicated to delivering prosthetic, orthotic, and ocular prosthetic services to underserved populations. The organization currently focuses its efforts in rural Zambia, Africa, providing life-changing prosthetic care at no cost to patients.

What is a Lion?: As Lions, we shape the world through our service. But our service also shapes us. By becoming a Lion, we join a global fellowship of service-minded volunteers. We're given opportunities to grow as people and professionals while having fun, strengthening connections to our communities and spreading kindness wherever we go.
