ELECTRIC RATE SCHEDULES

RESIDENTIAL SERVICE

SUB Electric Rate Schedule No. 1 **Effective November 1, 2026**
Replaces SUB Resolution No. 01-02

The Sylacauga Utilities Board (the "**SUB**") shall charge and collect for electric service on the basis of this Rate Schedule No. 1. The Purchased Power Cost Adjustment and the SUB Rules and Regulations are incorporated by reference as a part of this rate schedule.

Availability: This rate schedule is available throughout the entire territory served by the SUB Electric System (the "**SUB System**").

Applicability: This rate schedule is applicable to all electric service required by Customer exclusively for domestic purposes for individual (single family) private residences and individually metered apartment units and mobile homes ("**Residential Service**").

This rate schedule is not applicable to businesses, licensed boarding or rooming houses, fraternity or sorority houses advertised as such, educational or religious institutions or facilities, master metered apartment houses and mobile home parks including the common facility requirements, or the common facility requirements of residences also used for business purposes as evidenced by any form of advertising including a separate white page telephone listing; all of which will be served pursuant to the appropriate general service rate schedule.

Character of Service: Service hereunder shall be alternating current, 60 Hertz, single phase, at the SUB's option of the standard voltages available from the SUB System. The SUB may at its option provide three phase service when individual motors rated at 5.0 horsepower or larger are connected to the SUB System. Standby or resale service is not permitted under this rate schedule.

Monthly Rate:

Basic Monthly Charge	$9.40 per month
Energy Rate	$0.08106 per kWh

The above rate per kWh will be adjusted plus or minus in accordance with the Purchased Power Cost Adjustment and the amount computed at the Monthly Rate shall be subject to any taxes, assessments or surcharges imposed by any governmental authority.

Minimum Charge: The monthly minimum charge shall be the Basic Monthly Charge plus all applicable rate adjustments.

Terms: The charges pursuant to the Monthly Rate are net and bills are due on presentation.

Terms: The charges pursuant to the Monthly Rate are net and bills are due on presentation.

Effective Date: This rate schedule is effective for all bills issued on or after the effective date shown above.

General Conditions: The SUB will furnish, operate and maintain the facilities required for service under this rate schedule. Service and necessary maintenance will be performed only during regularly scheduled working hours. Burned-out lamps will be replaced upon notification of the outage by the Customer to the SUB. No reduction in billing will be allowed for lamp outages. Service at locations where existing SUB System poles and facilities are not available will be made at the discretion of the SUB and the Special Installations Charges, to recover the cost of installing poles and conductor and to recover the increased cost of maintenance, shall apply. The above monthly rates include the cost of energy. No lights will be installed under this rate schedule where the electricity passes through the Customer's meter.

The cost of repairing facilities installed by the SUB for service under this rate schedule damaged by acts of vandalism shall be billed to the Customer at actual cost to the SUB, including all applicable overhead costs. The SUB shall, at the request of the Customer, relocate or change existing equipment and the Customer shall reimburse the SUB for any such relocations or changes at the SUB's actual costs, including all applicable overhead costs. Extensions of any lighting facilities will be made by the SUB only where, in the sole opinion of the SUB, the annual revenues justify the estimated costs, including all applicable overhead costs. New private area lighting facilities shall meet the SUB's approved standard equipment and configuration standards for private area lighting service at the time of the Customer's application for service. When a non-

standard lighting equipment or configuration is requested by the Customer and agreed to by the SUB, all maintenance and replacement costs shall be paid by the Customer, in addition to the Monthly Rate charges for the SUB's standard installations.

Interruption of Service: The SUB will make reasonable provisions to assure satisfactory and continuous service but does not guarantee a continuous supply of electricity from the SUB System and shall not be liable for damages occasioned by interruptions of electric service or failure to commence delivery of electricity caused by acts of God, or public enemy, or for any cause reasonably beyond the control of the SUB including, but not limited to, the failure or breakdown of facilities, floods, fire, strikes, or actions or orders of any agency having jurisdiction in the premises, or for interruptions which are necessary for the inspection, repair, or changes in the equipment and facilities of the SUB or the bulk power supplier(s) to the SUB System. The Customer shall notify the SUB immediately of any defects, troubles or accident which may in any way affect the delivery of electric service by the SUB from the SUB System.

Term of Contract: The minimum term of service under this rate schedule is twenty four (24) consecutive months. After twenty four (24) consecutive months of service, service under this rate schedule is subject to termination at any time upon the SUB's receipt of written notice of termination from the Customer, subject to the provisions of the SUB's Rules and Regulations for Electric Service.

SYLACAUGA UTILITIES BOARD
ELECTRIC RATE SCHEDULES

PURCHASED POWER COST ADJUSTMENT

SUB Electric Rate Schedule No. 8 **Effective November 1, 2026**
Replaces SUB Resolution No. 01-02

The Purchased Power Cost Adjustment calculated pursuant to this Rate Schedule No. 8 is applicable to all kWh delivered by Sylacauga Utilities Board (the "**SUB**"), other than the kWh supplied for Private Area Lighting Service and Municipal Lighting Service pursuant to Rate Schedule Nos. 6 and 7 respectively.

The SUB will calculate Purchased Power Cost Adjustment factor (the "**PPCA**") on a monthly basis. The monthly PPCA factors will initially be based on estimated costs and sales and later adjusted for actual costs and sales. The calculated PPCA will be rounded to the nearest $0.0001 per kWh.

The PPCA formula is:

$$\mathbf{PPCA = [(A+T) / B] - \$0.0510 + MT}$$

Where:

"**A**" is the SUB's total monthly costs associated with its bulk power supply;

"**B**" is the SUB's total monthly kWh sales;

"T" is the SUB's monthly adjustment to true-up projected costs and sales to actual costs and sales; and

"**$0.0510**" is the SUB's cost per kWh of purchased power recoverable from the base rates and charges for electric service.

"**MT**" is the SUB's yearly maintenance adjustment tracker that shall be adopted by the Board when approving the budget. It shall be constant for the Fiscal Year.

The True-Up formula is:

$$\mathbf{T = R - (E \times (PPCA-MT))}$$

Where:

R is the actual revenue requirement; and
E is the actual kWh sales.
