**Natasha Tolleson**

**Temple Civic Theatre Managing Artistic Director**

After shattering every record she could find as THS's Theater Department Director, Natasha Tolleson decided she was ready to commit most of her time and energy to helping adults make-believe—although she still direct the children's productions as well. She appreciates the potty-breaks allowed when not teaching in schools. Even though she was once bitten by Gary Gosney, she continued to act and direct and our community is blessed because of it. Audition, volunteer, or be member of the TCT and support the arts!

I think TCT should do a production of the Magic School Bus because she is a shoo-in for Ms. Frizzle!

According to British-style guides, the listing *theatre* is the preferred spelling. However, vice versa, *theater* is the preferred spelling in American English, according to *Garner's Modern American Usage!*

Some try to acknowledge that *theatre* is the art form and *theater* is the building where *theatre* is conducted. However, this "trend" is not popular.
