Club Calendar:

- 10/19/24 Don Gregory Golf Tournament
- 1/19/25 District Conference
- 2/4/25 Bell County Youth Fair Cookout
- 2/22/25 Reverse Raffle

THIS WEEK'S PROGRAM

This week we had Todd Denton, managing partner and CEO of Lithic industries, founded June 17th, 2017. Originally just a rock quarry producing limestone for building application with approximately 25k tons of rock waste annually. They took a unique approach in what they call intelligent stewardship, and are using the stone waste combined with a polymer compound to create some pretty interesting products. They have created a no-kiln brick product, and have been able combine their polymer product with dirt to create roads with similar hardness to asphalt at a lesser cost.

Micah 6:8

He has shown you, O mortal, what is good. And what does the Lord require of you? To act justly and to love mercy and to walk humbly with your God.
