Your Vote Must Return the GOP to The Party of the Constitution

Dear Precinct Delegates,

Returning the GOP to true-opposition against those sabotaging America by sabotaging constitutional governing, requires Republicans elect CONSTITUTIONALISTS.

Globalists having infiltrated the Democrat Party are so evil and threatening that we don't notice that the GOP, once anchored in constitutional principles, has had corrupt GOP leaders disconnect the GOP from constitutional anchoring. The poisoning of the GOP with constitutional and moral relativism is simply bringing tyranny upon our families slower than would Democrats.

With the election for new MIGOP Chair, State Committee and Congressional District Chair and Executive Committees this weekend, ask yourself the defining question if these candidates for GOP leadership evidence to be constitutionalists, or have they distracted you away from Constitutionalism as the measure required to save our families and nation???

For decades America has been directed by globalists toward their predetermined outcomes, as they moved America toward tyranny in a political zigzag-pattern. As globalists having infiltrated both mainstream political parties functionally "zig" America leftward toward National chaos by letting Democrats through the election corruption, then "zag" America rightward electing GOP constitutional-schizophrenics merely slowing our speed toward tyranny.

I never took it personally or emotionalized being demonized and slandered or when globalists illicitly made use of a sympathetic court to remove me, *against* the will of the majority of the MIGOP State Central Committee. Counter-attacks to remove me and other constitutionalists were to be expected as

we interrupted decades of ongoing MIGOP corruption. With MIGOP being such a high valued target of the globalist-cult, they were fixated on replacing myself and other constitutionalists— and this had to be done strategically using a combination of sabotaging fundraising, demonization schemes, blackmailing certain morally compromised people, and threatening those who supported our administration to avoid the awakening of GOP members to the fact that constitutionalism as the basis for the GOP is also the basis for national survival.

The deception we've all been sold in the past was that, "the GOP has one job—to win elections", which deceitfully edits out the truth that if we don't win elections with *constitutionalists* we simply bring tyranny on our families slower than if we had 'elected Democrats.'

"Just elect GOP candidates" is a Trojan Horse tactic, given constitutionalists must be elected as a matter of our families and nation surviving. Only a constitutionalist GOP can redirect America now zig-zagging toward national chaos, to a destination of restoration.

Questions many have asked generally fall into the below three question categories:

Question 1: Why would these people do this?

Answer: Considering the well documented evidence of a globalist conspiracy to parasitically use America's resources for national, regional and global engineering, common sense strategy would dictate that these evildoers would necessarily include infiltrating the GOP to deconstruct it from being "The Party of The Constitution." Because, constitutional governing prevents globalist enemies of God and country from infiltrating and deconstructing our Constitutional Republic by transitioning it into pure democracy, which always degenerates into tyranny - just as globalists intend. Considering that globalist enemies of America can't conquer America militarily, their only path to success is the one they've taken, infiltrating spheres of power propping-up America, then deconstructing them from the inside out – especially the GOP.

Question 2: What do you say to those who claim that the only job of the Republican Party is to "elect Republicans?"

Answer: Because constitutional government is required for our families and nation to survive, and with every precinct delegate having a duty to preserve, protect, and defend the Constitution, the job of every Republican in leadership is to elect "constitutionalist Republicans" as a matter of families and nation

surviving."

Think of the anti-constitutional Patriot Act used to imprison J6 prisoners with no constitutionally mandated speedy trial. The anti-constitutional Patriot Act was sold to the GOP by the court-appointed MIGOP Chair Hoekstra while he was a Congressman. President Bush was deceitfully sold to us as a 'Christian patriot' but who would evidence he was a globalist GOP infiltrator when publicly trying to dupe America into accepting an anti-national-sovereignty and individual liberties destroying "New world Order."

Another GOP poser and defender of the Patriot Act who in 2024 ran for U.S. Senate, running against the globalist Democrat candidate, whom while a congressman stated while defending unconstitutional surveillance of Americans: "You can't have your privacy violated if you don't know your privacy is violated, right?" A globalist GOP infiltrator is as dangerous to America as his co-conspirators in the Democrat Party.

Question 3: How should I vote at the convention?

Answer: For over a half century we have seen evidence that, voting for a constitutionally-schizophrenic GOP candidate to make sure an anti-constitutional Democrat candidate doesn't get elected, is like trying to avoid starving to death by eating poisoned food.

Please remember every person deconstructing the GOP from inside-out isn't a globalist, as some simply have a blinding infatuation with power, ambition or public visibility. But these people end up becoming useful pawns of globalist GOP infiltrators because they are not anchored in constitutional principles or Biblical morality from which the constitution flowed.

Most importantly we cannot expect God to bless our efforts if we aren't electing godly people. In scriptures, God never commanded people to engage in sin, (lying, slander, threats, blackmail, sowing discord, sexual immorality, etc.) to advance righteousness.

James 3:14-18

"But if you harbor bitter envy and selfish ambition in your hearts, do not boast about it or deny the truth. Such "wisdom" does not come down from heaven but is earthly, unspiritual, demonic. For where you have envy and selfish ambition, there you find disorder and every evil practice. But the wisdom that comes from heaven is first of all pure; then peace-loving, considerate, submissive, full of mercy and good fruit, impartial and sincere. Peacemakers who sow in peace reap a harvest

of righteousness.”

God is the author of all that is true and righteous. And those who love Him do not engage in manipulation, treachery, the destruction of national sovereignty and individual liberties, as do those who function as enemies of God and the survival of our families.

Therefore, when you vote this Friday and Saturday for all positions of MIGOP state and district leadership, look at the fruit on every person’s tree. With globalists having infiltrated both mainstream political parties manipulating perception through their staged-opposition, we must defend against it by electing constitutionalists!

In the balance hangs the survival of our families and nation.
